### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Todd M. Oberdick on January 23, 2004.

2. The application has been amended as follows:

In the Specification, page 11, the first paragraph has been replaced with the following paragraph. --Fig. 16 shows a die 170 being applied to mesh 172 which has vinyl layers 174 sealed to either side leaving intact trim edge 182. Vinyl layers 174 may comprise two separate pieces of material or may comprise a single piece of material folded back on itself. As the die seals the vinyl layer to the mesh, cutting edges 176, 184 on the exterior and interior, respectively, of die 170 cause excess vinyl to be cut away. As a result of cutting, a strip of scrap 178 occurs on the outside, and a sheet of extra vinyl 180 occurs on the inside. A row of spaced apart sealing lines 185 represent internal embossings within the same general area of the sealing die.--
